

KEESLER FUNCTIONS UNDER A-76 STUDY

Date: 28-08-03

TITLE	FAC	O	E	C	T	NAF				
The highlighted Command Sections are included in the A-76 study but not in the announcement package. HQ USAF recognizes that Comd Sections go away when a squadron is outsourced; therefore, we do not report the authorizations in the announcement. Additionally, some positions were kept out of Jump Start and announcement for programming purposes. These positions are also highlighted. However, we do include these positions in the A-76 study.
